

## 14" & 16" RANCH AXE TREE SHEAR FOR SKID STEER LOADERS

Base model with Standard Arm

Brushguard with Standard Arm

Extended Arm

## OVERVIEW

The **Dymax Ranch Axe Tree Shear** for skid steer loaders is the ideal tool for general land clearing. Dymax Ranch Axe Tree Shears feature solid steel shearing arms that deliver 60% stronger performance compared to competing products.

Dymax Ranch Axe Tree Shears are available with two different styles of shear arms. These are the standard arm and extended arm design. Standard shear arms are ideal for hardwood shearing applications, while open-end extended shear arms are suited for softwood species like cedar trees.

Available with optional chemical sprayer system.

# FEATURES

- Designed for machines with a minimum of 2100 lbs of operating capacity, minimum flow rate of 15 gpm.
- Shearing cylinder is rated at 4,000 psi. Equipped with guarded hard line to improve hose protection.
- All units are equipped with universal mount skid steer coupler hooks to work with most new model skid steer loaders. Tree shears are provided with standard flow flat face couplings.
- Options include brushguard, single or double bevel cutting knives.
- Optional 5 gallon sprayer kit system available to

Dimensions	14" Ranch Axe Tree Shear	14" Ranch Axe with Brushguard	16" Ranch Axe with Brushguard
